

WANTED

BILINGUAL SERVICE PROVIDERS

This recruitment toolkit was developed in 2007 by the PEI French Health Network with the assistance of HRA. The production of this toolkit has been made possible through a financial contribution from Health Canada through the Société Santé en français. In 2013, we are happy to provide you with an updated electronic version.

This toolkit is for you if you are a...

- bilingual health or social services provider who is looking to relocate
- bilingual student in the health or social services fields

This toolkit is for you if you are looking for...

- a career where you can use your French and English language skills
- a friendly and unique place to live and work
- a thriving and supportive Acadian and Francophone community

Toolkit Content
